

# Fired Glass Colors

**Colors for Earth "Fired Glass Colors".** 28 of the colors are lead-free (non-toxic), 4 sparkle colors and 2 colors that have a health warning. Along with a black and white outline. These colors are vibrant just like our translucent underglaze color line. The colors can be used on most types of glass including COE 90 and COE 96 as well as float (window) glass. We also have low-fire/no-fire Piping Paste. \* = Caution. See health warning label.
